Forecast For The United Kingdom
Issued by Met Office Exeter
at 1600 on Monday 22 Nov 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Showers in north and southeast. Frost in clearer areas tonight.

This Evening and Tonight:
Further showers across the far southeast, whilst cloudier skies bringing a scattering of mostly light showers to the north. Clear spells across central and southern areas, perhaps with a few fog patches forming.

Tuesday:
Best of sunny spells in the south, elsewhere variable cloud with some showers in the north and far southeast. On the cold side, although less windy in the south.

Outlook for Wednesday to Friday:
Becoming colder with rain or showers, some of which will be wintry, mainly for northern hills. Windy with gales possible at times around some northern and western coasts.
